## From the Chairman's Desk

Dear Parents and Students,

On behalf of my teaching fraternity, and staff, it gives me immense pleasure to welcome you to HEC Group of Institutions. I am truly elated to be acquainted with you, as well as to facilitate your successful educational pursuit.

For us, education is not mere accumulation of knowledge; it is preparation for life itself. Education is knowledge imbued with wisdom and ethics. It develops the personality of the students, moulds their character and develops mental skills to help them cope with problems and challenges of the world.

As an established and highly esteemed institution, we maintain an utmost academic standard, incorporated with the conduct of discipline, thereby achieving remarkable results. We firmly believe that education is the key to a nation's progress, and we will take it as our bounded duty to provide the best academic training a student can possibly get.

We give priority to our key stakeholders--our students--by creating opportunities and thereby inspiring them to achieve their goals in life. During the last two decades, we have been pertinacious in continuing our revered common mission through our education, research, and programs that benefit the good of the community. This is achieved through a complete process that includes professional preparation; for this, we connect the students with the job market to foster the skills and mindset needed for proficient career advancement.

As the chairman of this institution, I anticipate the full participation and cooperation of the students and parents to make it possible for us to transform those dreams into reality. Any assistance that is might be needed, may it be personal or professional, I shall always be eagerly willing to hear from you.

I would like to sum up my vision with the words of Martin Luther King, Jr., the late, great American Civil Rights leader, who stated "The function of education is to teach one to think intensively and to think critically. Intelligence plus character – that is the goal of true education".

Thank you!

**Sandeep Choudhary**  
Chairman, HEC Group of Institutions

## From the Director's Desk

### ***For Success, Attitude is as Equally Important as Ability***

In one of the 1924 editions of a British newspaper, titled 'The Observer', the English writer G K Chesterton once asserted that "Education is simply the soul of a society as it passes from one generation to another". Like Chesterton, we, at the HEC Group of Institutions, comprehend and acknowledge the importance of education in shaping a society. A good education allows for an individual to not just transform his or her life but also the society and thereupon the country altogether.

Welcome to the HEC family; as the Director of the HEC Group of institutions, I am delighted to share that our institute, ever since 2002, has always been the knowledge hub and the repository of intellectual eminence & excellence. Our Group of Institutions offers assorted graduate and post-graduate programs that help the students start their career and carry it forward. Our curriculum follows the pattern of HNB Garhwal University, Srinagar and Sri Dev Suman Uttarakhand University, Tehri Garhwal for the Commerce, Management, Science, Computer Science, Lib. Science, Arts, Hotel Management, and Yoga ability improvement courses.

HEC lends immense focus on imparting quality education through involvement and empowerment via our reputed faculties. Because of this accomplished group, we've been at the helm of education in our region. Each year, our eminent faculty members publish various research papers, articles, and numerous books covering a vast array of topics.

As the students ponder over their future and career possibilities, the rest be assured that I, and my competent team of faculty & staff, extend utmost support to help them achieve their professional goals. Consequently, as the student shall step out of our institute into the real world, he or she shall do that with what Dr. B R Ambedkar used to call "a cultivated mind".

We offer our best wishes to all the students for an amazing college experience during their time at the HEC GROUP OF INSTITUTIONS!

***Wish you a cheerful and meticulous learning experience.***

**Dr. Anshul Sharma**

Director, HEC Group of Institutions

## Vision

To be an Institute of excellence in higher education providing outstanding academic levels, research, innovation, and entrepreneurship development with ensured employability, and high ethical values with the purpose of adding value to society thereby contributing towards nation-building.

## Mission

- To create a scholarly culture of academic excellence and research practice, that is conducive to professional growth.
- To inculcate a strong belief in hard work, core values of gender equality, human rights, and ecology in order to produce socially responsible citizens.
- To build resilience, sensitivity, and critical thinking culminating in a strong personality through a conducive teaching-learning environment.

## About College

HEC Group of Institutions ranks amongst the top educational hubs in the Uttarakhand region. Established in 2002, HEC aims at bridging the gap between learning and leading. Ever since its conception, the college offers students the widest possible scope for academic exploration and 360-degree development in employability skills. During the course of its two decades of existence, the college has continuously risen towards excellence, growth and recognition.

It is affiliated with **HNB Garhwal University, Srinagar, Garhwal** and **Sri Dev Suman Uttarakhand University, Badshahithaul, Tehri Garhwal**. The college offers various Graduate, Post-Graduate, PG Diploma and Certificate courses. These educational programmes are in the various fields of Commerce, Management, Science, Arts, Computer Science, Lib. Science, Hotel Management and Yoga Ability improvement.

HEC incorporates a solid combination of knowledge, research and industrial exposure as a part of its curriculum. In addition to academic opportunities, the Institution also aims at co-curricular activities and events, wherein each student is offered a platform to display his or her varied skill sets as well as dormant talents.

Since its establishment in the year 2002, HEC Group of Institutions has grown into one of the most reputed organizations, successfully running two campuses.

Campus 1- Kanya Gurukul Campus, Chhoti Nehar, Kankhal, Haridwar

Campus 2- Laksar Road, Jagjeetpur, Kankhal, Haridwar.

# FACILITIES

## Smart Classes

HEC constantly strives towards the best technological advancements. The classrooms on the campus are fully equipped with the best features to provide an ideal learning environment for the students. Each classroom is customized and curated to function towards the course that is being taught there. Every section makes use of digital technology to help students study more effectively. The numerous audio and visual aids used in smart classes make learning fun and engaging. Utilizing technology in a learning environment helps to maximize their attention and engagement which results in the number of academic records. Our smart classrooms foster opportunities for teaching and learning by integrating learning technology.

## The Library

HEC houses an extensive library stocked with books, specific to various courses and their respective subjects. The place acts as an unlimited wealth of information with its open rack system, web access and spacious reading room. The ample number of books, reference materials and journals are meticulously maintained to satisfy the academic as well as research needs of scholars. All this material also has an online database to allow easy access for the students to find the desired books in a matter of minutes. A competent staff is also always available to guide the students regarding queries related to books.

## Computer Lab

Practical knowledge, which is an important part of technical education, can be achieved by a well-equipped Computer Laboratory. The Computer Laboratory is a basic component of the Institute's infrastructure, providing a wide range of support to the students and faculties involved in research and other academic activities. The Laboratories provide the hands-on need of today's industry requirements and what they learn in the classrooms. The Computer Applications department is equipped with well-versed Personal Computers available for conducting laboratory sessions. New and updated software, as well as equipments, are regularly incorporated into laboratories to give students an added advantage. A wide range of software to learn programming languages such as C, C + + , Java, PHP, Web programming, MATLAB, Rational Rose, ORACLE, etc. are installed on computers.

## Auditorium

The college boasts of a huge indoor auditorium equipped with a professionally-deployed acoustic system and a seating capacity of more than 150 people. It also houses projectors and screen facilities. Apart from being well-equipped, the auditorium is also spacious, well ventilated and well furnished. A combination of all of these makes the auditorium the perfect space for conducting workshops, seminars, guest lectures, and other college events. The hall also regularly facilitates special interactive lectures added with screen learning to enhance the education process.

## Wi-Fi Campus

The internet plays a critical role in the process of education in this day and age. In keeping with this need, the college is supported by round-the-clock high-speed internet connectivity. The entire campus has Wi-Fi coverage which enables the students to access the internet to gain knowledge as well as extract valuable information whenever needed.

## Cafeteria

We have constructed the cafeteria over a large area and furnished it as a comfort zone for our students and faculty members. Variety is the spice of life - this is what our cafeteria reflects. Our canteen offers vegetarian delicacies and caters to the diverse palates, and for the health freaks, we have a dedicated juice counter providing fresh fruit juices, delicious food is prepared according to strict standards of hygiene.

# Hostel

## A Home Away from Home

Choosing a college is also about choosing a new home. We ensure that students dwell in a healthy environment that helps them to grow and learn without any obstacles.

The concerned and highly-experienced staff looks after the Institution's assets and ensures that the hostel remains responsive all the time.

## Transport Facility

HEC Group of Institutions provides a bus facility for students and staff members and it covers every corner of the city and nearby areas. The college owns a fleet of 10 buses equipped with safety features such as fire extinguishers, First-aid Box, etc.

Opting for College Bus facility will enable safe transport and convenience.

Value of time, precision & competitiveness is the major learning points apart from communication, coordination & teamwork.

- Badminton
- Carrom
- Football
- Athletics
- Cricket
- Chess
- Basketball
- Volleyball

## Social Responsibility

We take social awareness, amongst students, to be a part of our duty. HEC doesn't only restrict itself to creating good candidates for great jobs; in addition, the college aims at developing good human beings. The college regularly organises social activities and events wherein students take charge to work upon the society, and themselves. Cloth donation, Eye camps, and more are organised by the college for the students.

HEC also offers its students to associate with **NSS (National Service Scheme)** to venture out of their comfort zones and make a difference in society. Moreover, the NSS unit of HEC also develops students' personalities by exposing them to various responsibilities under the able guidance of experts and leaders.

## Industrial Visits / Excursions

As a pioneer of education, HEC extends the opportunity towards the students to take part in educational tours and industrial visits. These trips allow the students to do a comparative study of theoretical knowledge with practical experience. Furthermore, they also get the chance to experience co-operation and communication with each other in a different environment altogether.

# Training & Placement Cell

HEC takes a practical approach towards the demand of the job sectors. Certification programmes like Microsoft and Tally aim at bridging the gap between theoretical learning and its practical application. It not only enhances their resumé but also allows them to diversify while applying for any post. Moreover, the college also conducts placement drives regularly to help students find employment opportunities directly from the campus itself.

## Alumni Speaks

The success of any educational institution can be measured by the achievements and reviews of its alums. HEC routinely organises an interactive session with the alumni to inform as well as inspire its students. In these sessions, students actively participate to hear the stories and lived experiences of these graduates, who have gone on to achieve great things in life, both professionally and personally.

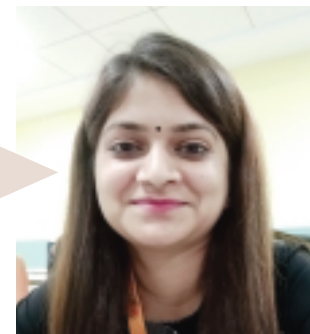

To be in HEC was a wonderful experience. I always cherish the days I spent in college. I have grown not only academically but also professionally as well. It's not only an institute but an epitome of learning which helped me to bring my dreams into reality. I recommend all the college beginners to be a part of HEC.

# Welcome To Haridwar - The Holy City

Haridwar is often cited as the spiritual centre of the world. According to Hindu mythological stories, the divine city ranks amongst the four places where the elixir of immortality was spilled from the Kumbha or the holy pitcher of Garuda, the celestial bird. It is, therefore, one of the four venues where the Kumbh Mela—said to be the largest congregation of humanity anywhere in the world—is held once every 12 years.

Besides the mythological lore, Haridwar, which aptly translates to “Gateway to God”, also serves as the entry point for the four main pilgrim sites in Uttarakhand. The city has, thus, remained a devotional hub throughout its life and time stretching from the period of the Buddha to the more recent British advent. Haridwar is also the site where the mighty river personified as the Goddess Ganga emerges from the Himalayan foothills onto the plains of India on her course to the Bay of Bengal 1,400 miles away.

Haridwar stands as a great source of Ayurvedic medicine and herbal remedies. The city was also the centre of ancient culture and tradition, which has attracted countless yogis as well as scholars to study arts and culture since time immemorial. A number of ancient institutions, with their unique Gurukul style, have made the city a converging place for devotional and academic studies.

Lately, the city has also blossomed beyond its religious importance as a major industrial nucleus of the Uttarakhand region. Haridwar has seen a fast developing industrial estate of state infrastructure and industrial development corporations in the form of SIDCUL, BHEL, and its affiliated ancillaries.

A perfect merger of the spiritual with the industrial aspects has evolved Haridwar into a great place for knowledge-related pursuits. The city's professional education level has continuously grown in the past few decades as it provides the perfect environment for educational purposes.

This ancient locale is a beautiful amalgamation of the traditional and the modern world. While the ghats continue to fulfill the city's role as a place of sacred baths and last rites, the other regions, including the industrial and educational centres present a contemporary picture of the very city.
